

NICA SURF SHOTS 2017 SURFING SHOOTING RATES

NSS shooting hours are roughly 30 min after sun up to 30 min before sun down (usually about 6:30am-5:30pm) - we need enough light to get properly lit photos.

Land Sessions are as follows:

1/2 day session for (1) surfer = \$100 (for optional land or water session)

1/2 day session for (2-4) surfers = \$150 (for optional land or water session)

Full day session for (1) surfer = \$200 (for optional land or water session)

Full day session for (2-4) surfers = \$300 (for optional land or water sessions)

** \$25 each additional surfer over 4 people.

Things to consider for 1/2 & Full day session when booking

1/2 day sessions consist of up to 4 consecutive hours of surfing with the combined time to review a slideshow and offload photos from that session.

(no splitting into two separate sessions throughout the day - i.e. one in the morning and one in the afternoon would be considered a Full Day).

Full day sessions consist of up to 8 consecutive hours of surfing with the combined time to review a slideshow and offload photos from those sessions.

** Please take into consideration that although full days are allotted for up to 8 hours, the photographer needs to be finished up with slideshow review and transferring of photos no later than 8pm.

Boat Trips are as follows:

1/2 day session for (1) surfer = \$ 125

1/2 day hire out (2-4) surfers = \$ 175

Full day hire out (1) surfer = \$ 225

Full day hire out (2-4) surfers = \$ 325

** \$25 each additional surfer over 4 people.

We only shoot from the water on boat trips (**certain breaks only allow for shooting from water for security reasons).

Things to consider for 1/2 & Full day session when booking

1/2 day sessions consist of up to 4 consecutive hours of surfing with the combined time to review a slideshow and offload photos from that session.

(no splitting into two separate sessions throughout the day - i.e. one in the morning and one in the afternoon would be considered a Full Day).

Full day sessions consist of up to 8 consecutive hours of surfing with the combined time to review a slideshow and offload photos from those sessions.

** Please take into consideration that although full days are allotted for up to 8 hours, the photographer needs to be finished up with slideshow review and transferring of photos no later than 8pm.

Video sessions can be arranged as well (local & from land only), but let us know if that's something you're interested in advance so we can determine the logistics and needs.

Multi day rates are \$25 off each Full day when booked in advance with a minimum of 2 day hire out.

The Gear we use:
